Subject: RE: Letter from ASA Regarding Dicamba Registration Decision/Meeting Request

Hi Carrie, Derrick,

I just wanted to circle back on this and see if you have insights on the process for requesting a meeting with the Administrator? We'd love to get it scheduled for some time in the next couple weeks if possible, so that the meeting will be timely to this conversation and before our grower members get busy with harvest.

Thank you both in advance, and again, appreciate any insights you have that you can share here!

Kyle

ASA D.C. employees are working remotely indefinitely due to the COVID-19 pandemic. The St. Louis office is open with limited capacity.

While we are not all physically in the office, ASA/WISHH remains open and focused on our mission.

Subject: Letter from ASA Regarding Dicamba Registration Decision/Meeting Request

Good Afternoon Carrie, Derrick,

Please find attached a letter from ASA to Administrator Wheeler regarding EPA's timeline for a new conditional registration decision for dicamba products. Please do not hesitate to let me know if you have questions regarding the correspondence.

Additionally, ASA would like to request a virtual meeting or call with Administrator Wheeler regarding the registration decision sometime soon. ASA would have both our grower leaders and staff attend the meeting. Please let me know what the process would entail for requesting this meeting or call.

Best,

Kyle
